A Practical Guide to Corporate Governance - David W. Duffy 2014

A Practical Guide to Corporate Governance by David W. Duffy is an invaluable resource for anyone interested in understanding the dynamics of corporate governance. It provides valuable guidance on board operations and how to achieve effective working relationships, and should be on every director’s and prospective director’s reading list.

Corporate Governance in the Netherlands - Reinier Kleijool 2018-04-20

Corporate governance in the Netherlands is beginning to develop its own history. On 8 December 2016, the third Dutch Corporate Governance Code was published. The 2016 Code introduces many new ideas and responds to current developments in corporate governance issues. The Code is not static - it follows the dynamics of our society. The most important new themes in the 2016 Code are long-term value creation and culture. This book covers those themes in detail, particularly where they resonate in other areas, such as risk management. In addition, this book addresses other updated items of the Code. This book also comments on the principles and best practice provisions of the Code and clarifies its structure and background. [Subject: Business Law, Commercial Law]

Corporate Governance Best Practices - Frederick D. Lipman 2006-08-08

Praise for Corporate Governance Best Practices “A thorough and thoughtful guidebook on the governance of the lay of the land.” - Professor Charles M. Elson, Woolard Chair in Corporate Governance and Director of Weinberg Center for Corporate Governance, University of Delaware “Frederick Lipman provides a comprehensive approach to best corporate governance practices for all organizations, which is current, thoughtful, and practical. Directors, corporate governance personnel of public, private, and not-for-profit organizations must read this book.” - Professor Raphael H. Amit, Director of Goergen Entrepreneurial Management Program, Wharton School of Business “Fred Lipman is considered by many directors and CEOs to be the preeminent expert on corporate governance in the country. His advice on this important topic, which impacts the boards of all types of organizations - public, private, and not-for-profit - is required reading in this day and age.” - Frederick (Ted) Peters, Chairman and Chief Executive Officer, Bryn Mawr Bank Corporation (aka The Bryn Mawr Trust Company) “Boards of directors must be aware of best corporate governance practices in order to be effective in their corporate oversight role and that is true for all not-for-profit organizations, including universities, as well as public and private companies. Frederick Lipman has authored a practical and comprehensive guide to ‘best practices’ for all boards of directors, which is required reading.” - George P. Tsitsos, PhD, Dean, Bennett S. LeBow College of Business, Drexel University “In a world of ‘good,’ ‘better,’ ‘best,’ where ‘good’ and ‘better’ may not be good enough, Fred Lipman’s new book is a straightforward, and even comforting, compendium of BEST governance practices for serious directors. It is a handy and reassuring tool for the conscientious.” - Allen R. Freedman, Audit Committee Chairman, StoneMor Partners LP, Founding Director, Association of Audit Committee Members

Practical Guide to Corporate Governance - International Finance Corporation 2009

The Handbook of Board Governance - Richard Leblanc 2016-05-16

Building a more effective board with insight from the forefront of corporate governance. The Handbook of Board Governance provides comprehensive, expert-led coverage of all aspects of corporate governance for public, nonprofit, and private boards. Written by collaboration among subject matter experts, this book combines academic rigor and practitioner experience to provide thorough guidance and deep insight. From diversity, effectiveness, and responsibilities, to compensation, succession planning, and financial literacy, the topics are at once broad-ranging and highly relevant to current and aspiring directors. The coverage applies to governance at public companies, private and small or medium companies, state-owned enterprises, family owned organizations, and more, to ensure complete and clear guidance on a diverse range of issues. An all-star contributor list including Ram Charan, Bob Monks, Neil Minow, and Mark Nadler, among others, gives you the insight of thought leaders in the areas relevant to your organization. A well-functioning board is essential to an organization’s achievement. Whether the goal is furthering a mission or that is true for all not-for-profit organizations, which is current, thoughtful, and practical. Directors, corporate governance personnel of public, private, and not-for-profit organizations must read this book. This book also comments on the principles and best practice provisions of the Code and clarifies its structure and background. [Subject: Business Law, Commercial Law]

Other highlights of this book include: Leadership for Corporate Governance and Compliance in Health Care is an invaluable resource for directors and boards wishing to implement leading practice corporate governance in their organizations. The book discusses contemporary issues in corporate governance, ways in which boards, directors and their advisers can be effective, and ways to improve their governance processes and procedures.
Corporate Governance and Continuous Disclosure - Jill C. Schatz 2004

Corporate Governance - Karen Martin 2013-07-01 Corporate Governance - A Practical Handbook is a user-friendly resource for those needing a practical set of tools to carry out the complex work of the board of directors. The writing is simple and direct with information icons to indicate particularly important passages. Drawing on research and international best commercial practice, this practical handbook provides clear, pragmatic guidance, effective techniques and must-know principles for good governance. No matter what your experience level — whether in a large corporate or a community not-for-profit - this book will inform and stimulate your thinking and help you build the best governance knowledge and practice for your organization. Practical checklists, templates and tables enable the reader to develop a comprehensive set of governance tools and documents (eg performing a governance audit, developing business strategy and governance policies, recording minutes).

Corporate Governance Matters - David Larcker 2011-04-14 Corporate Governance Matters gives corporate board members, officers, directors, and other stakeholders the full spectrum of knowledge they need to implement and sustain superior governance. Authored by two leading experts, this comprehensive reference thoroughly addresses every component of governance. The authors carefully synthesize current academic and professional research, summarizing what is known, what is unknown, and where the evidence remains inconclusive. Along the way, they illuminate many key topics overlooked in previous books on the subject. Coverage includes: International corporate governance. Compensation, equity ownership, incentives, and the labor market for CEOs. Optimal board structure, tradeoffs, and consequences. Governance, organizational strategy, business models, and risk management. Succession planning. Financial reporting and external audit. The market for corporate control. Roles of institutional and activist shareholders. Governance ratings. The authors offer models and frameworks demonstrating how the components of governance fit together, with concrete examples illustrating key points. Throughout, their balanced approach is focused strictly on two goals: to 'get the story straight,' and to provide useful tools for making better, more informed decisions.

Corporate Governance Post-Sarbanes-Oxley - Zahiboholah Rezaee 2007-10-05 Corporate Governance Post Sarbanes-Oxley introduces a corporate governance structure consisting of seven interrelated mechanisms of oversight: managerial, compliance, audit, advisory, assurance, and monitoring. The book begins with a discussion of the new requirements for corporate governance and financial reporting brought about by Sarbanes-Oxley and then shows how a well-balanced functioning of the seven mechanisms produces a responsible corporate governance structure that ensures quality financial reporting and credible audit services. Each chapter includes checklists, real-world case studies, and best practice tips.

Essentials of Corporate Governance - Sanjay Anand 2007-12-04 Praise for Essentials of Corporate Governance "Mr. Anand’s book is a practical study of the complicated issues surrounding the world of corporate governance. He includes excellent case studies and best practice solutions for improving governance programs with all types of organizations." - Chrissan Herrod V.P. Marketing and Business Development, Compliance Spectrum “This book is a highly practical, accessible guide to post-Enron reforms and an essential resource for managers who want more than just to comply with SOX; this book will help them benefit from it.” - Nell Minow Editor and cofounder The Corporate Library Written by Sanjay Anand, one of the world’s leading corporate governance, risk management, and regulatory compliance experts, this simple-to-use book is designed with appreciation for demanding professional obligations, with information easy to find and at your fingertips. This professional guide’s nuts-and-bolts examination of corporate governance is important, to put you in a better position to understand its successful implementation for your organization.

Essentials of Corporate Governance will challenge your concept of corporate governance and provide you with an understanding of: * The concept of governance and the competing goals that corporations may have * Why there is a call for corporations to be more ethical * The various forms of corporate structure * Corporate governance in emerging markets * Corporate governance within nonprofit organizations * The idea of corporate governance as a process and an ideal rather than a set of criteria, this accessible and relevant book is the reference and resource guide you will turn to time and again for the knowledge you need to make corporate governance work for your corporation.

Sustainability and Corporate Governance - Alan S. Cutlerman 2020-12-28 Sustainability and Corporate Governance is the first extensive and targeted guide for directors and their legal advisors on creating a governance framework for corporations that integrates all the recognized principles of sustainability now being discussed in boardrooms all over the world. The book provides a step-by-step approach on integrating sustainability principles into the activities of the board of directors including detailed guidance on legal, regulatory and business aspects of organizing and operating board committees and designing the sustainability management unit. Essential topics covered include: • Elements of an effective framework for implementation of sustainability governance, including required policies, procedures and committee charters • Organization of the governing board to effectively address sustainability issues and implement sustainability strategies • Best practices and processes to ensure company stakeholders - Corporate board members and attorneys will appreciate the book’s practical forms and checklists, complete coverage of all facets of sustainability governance, summaries of relevant international and national guidelines and instruments, and a curated list of samples and case studies from companies all around the world.

Corporate Governance - Ramani Naidoo 2002 provide management and directors of companies, both private and public, with a reference work on the most important principles of corporate governance. It discusses the requirements of the Companies act, the recommendations of the 2002 King Report and recent requirements for directors of public-sector enterprises. Throughout the author makes clear how the relevant principles can be practically and progressively implemented.

Best Practice in Corporate Governance - Adrian Davies 2016-04-08 An earlier book, A Strategic Approach to Corporate Governance (Gower, 1999), examined corporate governance from a philosophical and ‘big picture’ standpoint. This book digs deeper and explores the operational issues around corporate governance, giving examples of good practice. It is a ‘how to’ book, which focuses on processes and practical issues, making the case for corporate governance in terms of measurable business benefits and competitive advantage. The author explores a number of key themes: • How corporate governance has expanded in scope and importance worldwide. • How to engage with the wider range of stakeholders whose support is essential for success in a competitive world. • How to distribute power to those who need to use it to perform effectively at all levels in the organisation. • How to encourage the behaviour needed to effect good governance. • How to embed best practice in the daily routine of the organisation. • How to adapt best practice to meet the needs of different organisations. • How effective corporate governance can build sustainable business success. • How corporate governance may evolve to meet the needs of the future. Corporate governance should address the needs of people seeking to cooperate effectively in a shared endeavour. It should be adopted, not imposed and Adrian Davies provides an eloquent and authoritative guide to this process.
